

# Lifetime Membership

As of December 12, 2012, a lifetime membership is available for one-time dues of \$1000. It is non-transferable.

The intent of this type of membership is to allow a person to make a donation to the club while it is relatively new and needs funding the most. In exchange, the lifetime member will have the same privileges as a regular member, yet not have to pay dues for yearly renewals of his/her membership.

Think of it making the statement "I helped the club when it needed it the most", while getting something in return over the years.

Thank you, every person's support does make a difference,

Soboba Soaring
